Student Feedback Analysis Report

Session 2021-22

The feedback analysis reveals that the majority of students are satisfied with the college's performance across various parameters. Specifically, 57.71% rate the relevance of the syllabus to recent trends as excellent, while 41.29% rate it as good. Syllabus coverage in class also received positive feedback, with 46.27% rating it as excellent and 38.81% as good. Teachers' illustration of concepts through examples and applications was rated excellent by 46.27% and good by 42.79%.

The usage of ICT tools during teaching received 46.77% excellent and 37.31% good ratings, indicating room for improvement. Teacher preparedness for classes is well-regarded, with 53.23% rating it as excellent. The fairness of internal evaluation and discussion of assignment outcomes are areas that can be improved, with lower percentages in the excellent category.

Promotion of internships and field visits is appreciated, with 46.77% rating it as excellent. Courses have enhanced students' knowledge and skills, with 60.20% rating it as excellent. Teacher availability after lecture timings is also satisfactory, with 46.77% rating it as excellent.

Provisions for extracurricular activities received positive feedback, with 47.76% rating it as excellent. The overall program and facilities were rated excellent by 46.77%. College facilities, such as classrooms and libraries, received a 48.26% excellent rating, while campus safety and security measures were rated excellent by 56.22%.

Recommendations:

1. **Improve ICT Tools Usage:** Enhance the use of ICT tools in teaching to increase student engagement and learning efficiency.
2. **Assignment Outcome Discussions:** Facilitate more thorough and constructive discussions on assignment outcomes to help students understand their performance better.
3. **Internal Evaluation Process:** Ensure fairness and transparency in the internal evaluation process to maintain student trust and satisfaction.
4. **Extracurricular Activities:** Expand and diversify extracurricular and co-curricular activities to cater to a wider range of interests and enhance student development.
5. **Teacher Accessibility:** Encourage teachers to be more available and accessible outside lecture hours for student consultations and support.

Overall, while the feedback is largely positive, focusing on these areas for improvement can further enhance the student experience and satisfaction.

Action Taken Report:

In response to the feedback received, several initiatives have been implemented to enhance the educational experience. In 2022, a state-of-the-art digital math lab was constructed, providing students with advanced tools for learning and exploration. Additionally, a fully-equipped seminar hall with comprehensive ICT facilities was established, enabling effective multimedia teaching and interactive sessions. To further enrich the student experience, numerous extracurricular and co-curricular activities have been organized, promoting holistic development and engagement beyond the classroom. These measures aim to address the identified areas for improvement and ensure a supportive and dynamic learning environment for all students.
