General Feedback Analysis Report

The feedback collected from 23 respondents provides a comprehensive overview of various aspects of the college's curriculum, teaching methodologies, and resources.

Syllabus Balance: The syllabus of the courses is generally perceived to have a good balance between theory and application, with 7 respondents (30.43%) strongly agreeing and 15 (65.22%) agreeing. Only 1 respondent (4.35%) remained neutral, and none disagreed.

Learning Objectives: Learning objectives of the curriculum are well-defined, as indicated by 8 respondents (34.78%) who strongly agree and 15 (65.22%) who agree. There were no neutral or disagreeing responses.

Curriculum Content: The content of the curriculum aligns with industrial requirements, with 3 respondents (13.04%) strongly agreeing and 16 (69.57%) agreeing. However, 3 respondents (13.04%) remained neutral, and 1 respondent (4.35%) disagreed.

Faculty Support: The College provides adequate opportunities and support for faculty members to upgrade their skills and qualifications. This is supported by 9 respondents (39.13%) who strongly agree and 12 (52.17%) who agree. There were 2 neutral responses (8.70%), and no disagreements.

Teaching Environment: The environment in the college is conducive to teaching and research, with 8 respondents (34.78%) strongly agreeing and 12 (52.17%) agreeing. However, 3 respondents (13.04%) remained neutral.

Teaching Tools and Methodologies: The use of new teaching tools or methodologies, such as ICT, is prevalent, with a significant 22 respondents (95.65%) strongly agreeing and only 1 respondent (4.35%) agreeing.

Infrastructural Facilities: Infrastructural facilities for using new teaching tools and methodologies are available, as noted by 7 respondents (30.43%) who strongly agree and 14 (60.87%) who agree. There were 2 neutral responses (8.70%).

Reference Materials: The books and journals prescribed or listed as reference materials are relevant, updated, and cover the entire syllabi, with 7 respondents (30.43%) strongly agreeing and 16 (69.57%) agreeing.

Freedom in Teaching Techniques: Faculty members feel they have the freedom to adopt new techniques and strategies for testing and assessing students, with 10 respondents (43.48%) strongly agreeing and 13 (56.52%) agreeing.

Library Resources: The availability of prescribed books in the library is sufficient, as indicated by 16 respondents (69.57%) who strongly agree. However, 7 respondents (30.43%) disagreed.

Recommendations

1. Enhance Office Administration:

- Improve administrative efficiency to provide better support to faculty and students.

2. Increase Class IV Employees:

- Address the need for additional support staff to maintain the college facilities and ensure smooth operations.

3. Expand Reference Books Collection:

- Continue updating and expanding the library's collection to meet the academic needs of both faculty and students.

4. Develop Smart Class Rooms:

- Invest in creating more smart classrooms equipped with modern teaching tools to facilitate interactive learning.

Action Taken

1. Books Purchased in 2022-23:

- The library has been updated with new books to enhance academic resources.

2. Construction of Smart Rooms:

- A digital maths lab and a seminar hall equipped with podiums and smart screens have been constructed to provide state-of-the-art learning environments.

3. Enhanced Facilities:

- The seminar hall is fully functional with all necessary ICT facilities to support various academic and extracurricular activities.
