EARN WHILE YOU LEARN SCHEME

The "Earn While You Learn" scheme, initiated by the Haryana government, provides financial assistance to needy and meritorious students. Under this scheme, eligible students receive Rs. 100 per hour for performing assigned duties such as assisting teachers and supporting office or lab work. This initiative aims to help students gain valuable work experience while alleviating financial burdens. By integrating practical work into their academic journey, the scheme enhances students' skills and provides financial support, thereby fostering both their personal and professional development. It serves as a bridge between education and real-world work experience.

NATIONAL SERVICE SCHEME (NSS)

The National Service Scheme (NSS) is a program that aims to promote community service and social responsibility among students. At our institution, NSS is organized into two units: one for girls and one for boys, each consisting of 50 students. The program includes various activities designed to engage students in meaningful service projects and community development initiatives. Students participate in one-day camps and seven-day special camps, where they are involved in a range of activities such as cleanliness drives, health awareness programs, and educational workshops for underprivileged communities. These camps provide hands-on experience and foster a sense of social commitment and teamwork. Through NSS, students not only contribute to societal betterment but also develop leadership skills, enhance their problem-solving abilities, and gain a deeper understanding of social issues. The program aims to cultivate a spirit of selfless service and civic responsibility among the youth.

MENTOR-MENTEE CLUB

In the mentor-mentee groups system, students are divided into small groups, each assigned a lecturer as their mentor. The mentor provides academic guidance, helping students with their studies and addressing personal problems. They also offer career advice and support, helping students navigate their future paths. This system fosters a supportive environment where students receive personalized attention and mentorship to enhance their academic and personal growth.
